LIGHTING

A LIGHT FOR EVERY VETERINARY FUNCTION

Selecting the right lighting is a very important element to consider when outfitting your veterinary practice. You need proper illumination without generating a lot of heat or creating color distortion.

At Suburban Surgical, we've taken great care to find the very best medical lighting available. We have surgical lights, treatment/procedure lights and exam diagnostic lights to fit your needs and budget. And most of our lights are available in a wall-

mount, ceiling-mount or portable floor model. Many styles may also be track-mounted for the utmost positioning flexibility.

In addition, we offer the Medi-Vue Magnifying Light as well as a "Woods" Diagnostic Magnifying Light in wall-mount, table-mount and portable floor models to enhance your view of the treatment area.

EXCELED

A NEW ERA UNFOLDS WITH GREEN TECHNOLOGY

ExceLED represents the new standard in surgery lighting with its green technology LED lights. It features a larger reflector with high efficiency at low heat, a larger pattern and long life LED bulbs.

- Very Low Heat
- High Efficiency — Half the Electric Consumption of Standard Halogen Lights
- Long Life L.E.D.s
- 4300° Kelvin Color Temperature
- 65,000 Lux (6,000 foot candles)
- Available in a Variety of Mounting Options
- Patented 5-Stage Dimming and On/Off Switch, Controlled by the Removable Sterilizable Handle
- Additional Positioning Handle on Perimeter of Reflector
- EXCELED Minor Surgery Lights have auto seeking power supply (100V-240V)

P/N	DESCRIPTION
MI000000-061512	EXCELED Wall Mounted (100V-240V)
MI000000-061513	EXCELED Portable Floor with Casters (100V-240V)
MI000000-061514	EXCELED Ceiling Mounted One (100V-240V)
MI000000-061515	EXCELED Ceiling Mounted Two (100V-240V)
<i>Ceiling Rod kit is required. Correct height from the floor to the structural ceiling mount must be known at time of ordering.</i>	
CEILING ROD KITS	
Standard Ceiling Rod kit includes: Casted Mounting Ring, Rod and Wiring Harness. Mounted Ring must be attached to structural ceiling mount.	
MI00000-1001186	16" Ceiling Rod Kit for structural ceiling mount 7'6" - 8'6" above the floor.
MI00000-1001187	25" Ceiling Rod Kit for structural ceiling mount 8'7" - 9'6" above the floor.
MI00000-1001188	35" Ceiling Rod Kit for structural ceiling mount 9'7" - 10'6" above the floor.
Extended Ceiling Rod kit includes: H-D Casted Mounting Ring, Rod and Wiring Harness. Mounted Ring must be attached to structural ceiling mount.	
MI00-1000976-44	Extended Ceiling Rod Kit for structural ceiling mount 10'2" - 10'10" above the floor.
MI00-1000976-53	Extended Ceiling Rod Kit for structural ceiling mount 10'11" - 11'8" above the floor.
MI00-1000976-63	Extended Ceiling Rod Kit for structural ceiling mount 11'9" - 12'0" above the floor.
MI00-1000976-67	Extended Ceiling Rod Kit for structural ceiling mount 12'1" - 12'10" above the floor.
MI00-1000976-77	Extended Ceiling Rod Kit for structural ceiling mount 12'11" - 14'0" above the floor.
CEILING TRACKS	
ChuttleTrak™ offers exceptional versatility since it allows the horizontal movement of the lights, in addition to the movement that the individual lights offer.	
MI000000-044011	CHUTTLE TRAK Single Trolley 70-in. (178 cm) holds one Ceiling Mount or one Dual Ceiling Mounts *
MI000000-044012	CHUTTLE TRAK Dual Trolley 70-in. (178 cm) holds two Single Ceiling Mounts or a maximum of two Dual Ceiling Mounts *
* Ceiling Rod kit is required -- only 16" or 25" Rods can be used.	
ACCESSORIES	
MI00000-1000616	Extra Sterilizable Handle

SYSTEM TWO Halogen

SYSTEM TWO HALOGEN Series

SYSTEM TWO offers great performance and high value, with no true competitor in the market. SYSTEM TWO lights are available in 16" or 20" diameter multifaceted reflectors. The SYSTEM TWO is available in a SOLO, DUO or TRIO Articulating Arm Assembly, which features continuous rotation of all key pivot points.

- Halogen Light Source
- 4000° Kelvin Color Temperature
- S1 Satellite Model: 16" diameter Multifaceted Reflector
72,000 Lux (6,700 foot candle output at 1 meter)
- S2 Surgery Light Model: 20" diameter Multifaceted Reflector
102,000 Lux (9,500 foot candle output at 1 meter)
- Available in a Variety of Mounting Options
- 4-Stage Dimming and On/Off Switch, Controlled by the Removable Sterilizable Handle
- Additional Positioning Handle on Perimeter of Reflector
- Video Integration Capabilities

Video Camera

SYSTEM TWO Metal Halide

SYSTEM TWO **MH Series**

SYSTEM TWO METAL HALIDE Series is the next level in the evolution of surgery lighting. This all new design heralds a notable increase in efficiency over traditional halogen light sources, producing over 100,000 lux output with only a 39 watt H.I.D. bulb, versus a 150 watt halogen bulb. Heat has been virtually eliminated, white color temperature has been significantly increased to over 4,300 Kelvin. Additionally, the Metal Halide light boasts a rated bulb life of over 10,000 hours and includes complete mechanical dimming, the most accurate method.

- Most efficient surgery lighting source on the market
- Extremely cool output -- lowest possible heat
- 4300° Kelvin Color Temperature
- 6.5" - 9" adjustable pattern
100,000 Lux (output at 1 meter)
- Over 10,000 hour rated bulb life for primary bulbs
- Available in a Variety of Mounting Options
- Mechanical On/Off Switch, wide range (50-100%) dimming
- Additional Positioning Handle on Perimeter of Reflector
- Video Integration Capabilities

Centurion Standard is a high-quality Minor Surgery light offers features and performance of much more expensive lights. Take the highly efficient single reflector design that assures an optimal, shadow-free surgical environment. All have fully adjustable articulated extension arms allow you to position the light head exactly where you need it. The pre-focused lens, along with an elliptical reflector and an infrared absorbing cylinder, creates a bright, 6-in. (150mm) diameter field of illumination that's cool, color-corrected and shadow-free.

- Halogen Light Source
- Illumination that's cool
- 4000° Kelvin Color Temperature
- 15" Diameter Single Reflector
43,000 Lux (4,000 foot candle output at 36-in/914 mm)
- Available in a Variety of Mounting Options
- Easy to reach On/Off Switch
- Lamphead and arm both rotate 540°
- Removable sterilizable positioning handle

21ST CENTURY

Centurion Excel has unparalleled positioning flexibility combined with high intensity illumination and quality manufacturing has made this surgery light a legend in the medical field. Pre-focused lens, plus an multi-faceted reflector and an IR absorbing cylinder, creates a bright, 6-in. (150mm) diameter field of illumination that's cool, color-corrected and shadow-free. The illumination is equal to 6,000 ft. candle intensity (64,500 lux) at a distance of 39-in. (1 meter) with a color temperature of 4,000° Kelvin to give you an accurate view of tissues in the operating field.

- Halogen Light Source
- Illumination that's cool
- 4000° Kelvin Color Temperature
- 15" Diameter Multi-Faceted Reflector
64,500 Lux (6,000 foot candle output at 39-in/1-m)
- Available in a Variety of Mounting Options
- Easy to reach On/Off Switch
- Lamphead and arm both rotate 540°
- Removable sterilizable positioning handle

BULBS	
MI000000-0001256	Tungsten Halogen Bulb (12V/90 watts)+B152

Centura is a highly versatile full-featured Spot Light features a long-life halogen bulb and advanced optics to provide a tightly focused, high-intensity spot of light to meet a variety of medical needs. Add the optional built-in fiberoptic light generator with a 4-position turret to power fiberoptic headlamps or instruments for even greater versatility. Spot adjusts anywhere from 3-in. (76mm) to 16-in. (406mm) in diameter providing 2,000 ft. candles (21,500 lux) of illumination at a distance of 36-in. (914mm).

- Halogen Light Source
- Optional Built-in Fiber Optics
- 3500° Kelvin Color Temperature
- 2" Diameter Dichronic Glass Reflector
21,500 Lux (2000 foot candle output at 36-in/914-mm)
- Available in a Variety of Mounting Options

MI00-1000976-49	Extended Ceiling Rod Kit for structural ceiling mount 10'2" - 10'10" above the floor.
MI00-1000976-53	Extended Ceiling Rod Kit for structural ceiling mount 10'11" - 11'8" above the floor.
MI00-1000976-63	Extended Ceiling Rod Kit for structural ceiling mount 11'9" - 12'0" above the floor.
MI00-1000976-67	Extended Ceiling Rod Kit for structural ceiling mount 12'1" - 12'10" above the floor.
MI00-1000976-77	Extended Ceiling Rod Kit for structural ceiling mount 12'11" - 14'0" above the floor.

ChuttleTrak™ Ceiling Track can be used on all models of the 21ST CENTURY Medical Lights. Ceiling Tracks offer exceptional versatility since they allow the horizontal movement of the lights, in addition to the movement that the individual lights offer. Tracks are available with a single trolley which can hold one Ceiling Mount or one Dual Ceiling Mount. The dual trolleys can accommodate a minimum of two Single Ceiling Mounts or a maximum of two Dual Ceiling Mounts. Standard track length is 70-in. (178cm). Other lengths are available, please call for details.

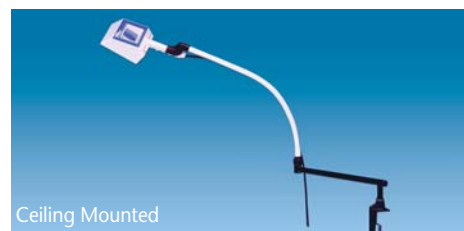

When ordering a ShuttleTrak™, correct height from the floor to the structural ceiling mount must be known at time of ordering. ShuttleTrak™ can only utilize the Rod Kits listed above and lengths up to a 25-in.

MI000000-044012	CHUTTLE TRAK Dual Trolley Model *
* Ceiling Rod kit is required -- only 16" or 25" Rods can be used.	

Century "Woods" Diagnostic Light offers unparalleled versatility for diagnostic and general treatment procedures using two types of bulbs along with magnification. Hands free design in your choice of mounts allows you to position the light where you need it and rest assured it will stay in place. Illumination is provided by two ultraviolet bulbs for diagnostic applications and two daylight fluorescent bulbs with a correct color temperature of 6300° Kelvin for general examinations. Acrylic magnifying lens offers 2x power magnification and 6x power bifocal magnification. Features 24-in. flexible arm and 6-foot power cord.

- Ultraviolet & Fluorescent Light Source
- 6300° Kelvin Color Temperature
- 2x Standard Acrylic Magnifying Lens
- 6x Bifocal Lens
- Available in a Variety of Mounting Options
- Easy to Reach On/Off Switch
- 24" Flexible Arm

Versalite represents the best value today in general purpose exam lights. It features an amazing 10,000-hour rated bulb life, a break-resistant nylon light head housing, an adjustable upright rod and a cast iron base. It is energy-efficient, produces light output equal to a 130 watt bulb, while using only 20% of the same amount of energy. Color Temperature of over 6300° Kelvin.

- Compact Fluorescent Light Source
- 6300° Kelvin Color Temperature
- Specular Aluminum Reflector
- Lamphead rotates 340°
