

In Memory of
JEFFREY RICHARD KAHN
6/8/1970-3/17/2009

It is with great sadness and a heavy heart to announce that regrettably we have lost a brother in our industry and an extended member of our family here at Suburban Surgical.

Jeff Kahn, 38, lost his longtime battle with cancer on March 17, 2009. He will be remembered and greatly respected for the dedication he had to his family, friends, co-workers and career.

We had the honor of working with Jeff for 14 years, during this time he made many friends and earned the respect of his co-workers, customers and competitors. To say thanks seems all to simple, considering the contributions he made not only to Suburban Surgical but to the Veterinary Industry that he dedicated his career to. But sometimes the simple things mean the most.

To the Kahn family, Jeff will always be remembered with great respect, the fun times and the fond memories created from the time we spent together, we are so sorry for your loss.

Jeffrey Richard Kahn, who has gone unto eternity, Lord of mercy, bring him under cover of Thy wings, and let his soul be bound up in the bond of eternal life. Be thou his possession, and may his repose be peace, Amen.

Respectfully Suburban Surgical Company Inc.
